A DIVISION OF PRIVATE BANK OF BUCKHEAD

Mr. Gene Lock

Dear Gene:

We appreciate your long relationship with our bank. I think you must have been one of the first customers when Private Bank of Buckhead opened. You've had accounts with us for six years and have always handled your accounts responsibly. You've opened construction accounts with us for your various projects and they, too, have been handled appropriately. We just wish you would borrow some money from us!

Our Decatur Office is beautiful! We appreciate so much the work that you did for us in designing and supervising the creation of our new office. It was a pleasure working with you and your team. The results are amazing! You made the process pleasant, which isn't always the case in construction. I know we really pushed you and gave you a shorter deadline that was reasonable, but you brought it in on time and a little less than the budget.

We have enjoyed the comments we receive from people who visit our bank. We will continue to refer people to you who are interested in renovation or construction.

Sincerely,

Judy B. Turner
President
