Gene Lock, Kent Culverhouse, Sharon Morris,

I want to thank you for the opportunity to provide a Letter of Reference for Eclipse Brand Builders. After working with each of you thru our remodel project for our main office back in 2011-2012, there was no question who we were going to use for a build out of lease space for our new Murfreesboro office. In fact, when we visited with other tenants that were going into the space, they chose to use Eclipse Brand Builders as well.

We have been pleased with the outcome, the process and your ability to design an efficient and well thought out lobby and office space for our institution and have recommended your services to many of our banking friends.

You can be assured that if, or when, First Community Bank decides to remodel, add on or build a new facility, Eclipse Brand Builders will be our first call.

Sincerely,

Scott Cocanougher
