

Charles B. Crawford, Jr.  
*CEO & Chairman*

It is my pleasure to recommend Eclipse Brand Builders. My relationship with the team at Eclipse goes back almost 25 years! While Eclipse is not that old, many members of the company assisted me in their previous corporate life. I have had the pleasure of opening four new banking offices and I could not have done it without the guidance, skills, and experience that the group at Eclipse has provided. Our most recent project together was the creation of Hyperion Bank in Atlanta. The planning and execution was terrific and we now have very comfortable space for our team and the customers that choose to come see us.

I feel very confident I have not done my last project with Eclipse and I will look forward to working with them again in the future.
